ABOUT SOCAPS

SOCAPS is an internationally present French SME. We are based in France (Rouen, Paris, Nantes, Grenoble). We are also located in Atlanta (USA), Sao Paulo (Brazil), Singapore and from now Johannesburg.

TALENTED INDUSTRIAL SOLUTIONS

SOCAPS offers, to its' wide range of industrial customers (constructors, distributors and final machine users) continuous assistance throughout the different stages of the machine life cycle, from the engineering stage (design, studies, supervision) to the production (mechanical construction, electrical cabling in the workshop) and on-site interventions (installation, start-up, maintenance).

Over the last 30 years, SOCAPS has developed major experience in the food and beverage, cosmetics and pharmaceutical sectors, mainly in the packaging and conditioning industry. As such, SOCAPS is one of the world leaders in technical assistances for constructors of packing machinery.

SOCAPS integrates all the necessary trades (designers, project managers, mechanics, electricians, electro-mechanics, programmers, welders etc.) in order to offer its customers a complete access to a wide range of skills that are adapted to their needs.

SOCAPS is also widely present across France and throughout the world thanks to our network of over 460 technicians spread out across the main industrial worldwide hotspots (33 countries and 8 agencies over 3 continents).

SOCAPS is pleased to announce that we have opened a new office in Johannesburg, South Africa!

Our new office in Johannesburg will allow us to cover the Middle East & Africa zone. Up until now, this strategic zone was not covered by SOCAPS. Thanks to our new office, SOCAPS will be able to reinforce the proximity to our clients and improve and increase our technical capacity of intervention.

With our new office, SOCAPS now covers the Americas, Europe, Middle East & Africa and Asia and is able to respond to your needs all over the world.
